

## 2009 Field Camp

We have limited space in our Field Camp for students from other universities and will provide that space on a first-come, first-served basis. Students who wish to take our field camp should provide me with the following information as soon as possible.

- (1) An unofficial transcript from your university.
- (2) Letter of Recommendation from a geology faculty member from your university

As a student, you will be required to pay the 'field camp fee' which does not include tuition. Tuition for in-state students is relatively inexpensive, but can be quite high for out-of-state students. You may e-mail me at [jmeert@bellsouth.net](mailto:jmeert@bellsouth.net) to find out more about the current tuition costs once I have the two items listed above.

A \$350 non-refundable deposit is due Feb 1, 2009 for accepted out-of-state students. Your deposit is slightly higher because if we accept you, it means we may be denying another out-of-state student a spot in our camp. I keep a listing of enquiries and will move down that list until all spots at field camp are filled.

Choices are made in the following fashion

- (1) Space available
- (2) Preparation for the course (based on copy of transcript)
- (3) Letter of Recommendation.
- (4) Date of completed application and payment of deposit

Dr. Joseph Meert  
UF Field Camp Director
