CLAS Task Force Meeting  
Wednesday, June 27, 2012, 3:30 pm  
Pugh 150  
Agenda

1. Approval of Minutes of June 11 meeting

2. Discussion of “homework assignments.” Each member should circulate "a big idea" that will help CLAS address our strategic and fiscal environment. Your idea does not have to be fully fleshed out, but it should envision some way in which CLAS can create a new narrative and/or expand (or at least diversify) our revenue stream in an efficient way that takes advantage of existing strengths in the college. At the meeting, we will discuss those ideas, and trying to determine which ones we want to develop further and propose as part of our report. Our discussion should address the merits of each proposal, as well as the selling points to our multiple audiences (legislators and Board of Trustees, alumni and donors, Tigert, the Dean's Office, our colleagues, and our students).
